THE PROFESSIONAL

It's kind of strange when your regular 9-to-5 job is to hunt down monsters. Still, that's the job I took on when I joined this outfit. It pays well, and the benefits are good. Like they say "You don't have to be crazy to work here, but it sure helps!"

EXPERIENCE

Experience:

Whenever you roll and get a total of 6 or less, or when a move tells you to, mark an experience box.

MOVES

You get all the basic moves, plus four Professional moves.

Pick three of these:

Bottle It Up: If you want, you can take up to +3
bonus when you act under pressure. For each +1
you use, the Keeper holds 1. That hold can be spent
later—one for one—to give you -1 on any move
except act under pressure.
Unfazeable : Take +1 Cool (max +3).
Rattlefield Awareness: Vou always know what's

happening around you, and what to watch out for. Take +1 armour (max 2-armour) on top of whatever you get from your gear. Leave No One Behind: In combat, when you help

someone escape, roll +Sharp. On a 10+ you get them out clean. On a 7-9, you can either get them out or suffer no harm, you choose. On a miss, you fail to get them out and you've attracted hostile attention.

☐ Tactical Genius: When you read a bad situation, you may roll +Cool instead of +Sharp

Medic: You have a full first aid kit, and the training to heal people. When you do first aid, roll +Cool. On a 10+ the patient is stabilized and healed of 2 harm. On a 7-9 choose one: heal 2 harm or stabilize the injury. On a miss, you cause an extra 1 harm. This move takes the place of regular first aid.

Mobility: You have a truck, van, or car built for monster hunting. Choose two good things and one bad thing about it.

Good things: roomy; surveillance gear; fast; stealthy; intimidating; classic; medical kit; sleeping space; toolkit; concealed weapons; anonymous; armoured (+1 armour inside); tough; monster cage.

Bad things: loud; obvious; temperamental; beaten-up; gas-guzzler; uncomfortable; slow; old.

And you get this one:

When you **deal with the Agency**, requesting help or gear, or making excuses for a failure, roll +Sharp. On a 10+, you're good—your request for gear or personnel is okayed, or your slip-up goes unnoticed. On a 7-9, things aren't so great. You might get chewed out by your superiors and there'll be fallout, but you get what you need for the job. On a miss, you screwed up: you might be suspended or under investigation, or just in the doghouse. You certainly aren't going to get any help until you sort it all out.

GEAR

Pick one serious weapon and two normal weapons.

You get either a flak vest (1-armour hidden) or combat armour (2-armour heavy) for protection.

AGENCY

Decide who it is you work for. Are they a black-budget government department, a secret military unit, a clandestine police team, a private individual's crusade, a corporation, a scientific team, or what?

Is the Agency's goal to: destroy monsters, study the supernatural, protect people, gain power, or something else?

Pick two resource tags for the Agency, and two red tape tags:

INTRODUCTIONS

When you get here, wait for everyone to catch up so you can do your introductions together.

Go around the group. On your turn, introduce your Professional by name and look, and tell the group what they know about you.

HISTORY

Go around the group again. On your turn, pick one for each of the other hunters:

- Your relationship with them has romantic potential. So far it hasn't gone further.
- They're on the Agency's watch list, and you've been keeping an eye on them.
- You are related. Tell them how close.
- You met on a mission and worked together unofficially. And successfully.
- They've worked with the Agency before, and they're well regarded.
- You were friends back in training, before the Agency recruited you. This could be military, law enforcement, or some weirder school: decide the details between you.
- They pulled you (and maybe your team) out of a terrible FUBARed mission.
- You got sent to "deal with them" as a hazard to the Agency's policies one time. Tell them how you resolved this.
